

## 2011 Special Events

**School's Out, Parks are In! (Spring Break 2011)**

**March 19 – 27**

**Devil's Den Rocks!**

**Saturday, March 26**

Millions of years in the making, the geology of Devil's Den State Park laid the foundation for the life, ecology, and human history of this special place. Join us in a celebration of the unique formations and the rocky foundation that have shaped the park. The day's festivities will include special hikes and talks highlighting Devil's Den's rocks, fossils, and crevices and culminate in a very special performance by Still on the Hill.
